FOR IMMEDIATE RELEASE

**PRIMARY HEALTH MEDICAL GROUP BEGINS CONSTRUCTION
OF NEW STATE STREET CLINIC.**

Boise, October 30, 2008 – Primary Health Medical Group broke ground today on a new clinic at 6052 W. State Street in Boise, Idaho. The new 13,000+ square foot clinic, being built on State Street near Ellen’s Ferry Drive (across from Plantation Golf Course), will replace the current Primary Health Medical Group clinic located near Veterans Parkway and State Street. Scheduled to open in Summer 2009, the clinic will feature expanded facilities for both family practice and urgent care providers. Primary Health Medical Group’s Ear, Nose and Throat, Dermatologist, and Occupational Health providers will also be located at the new State Street Clinic, moving from their current location on Emerald in Boise.

“The new State Street clinic will allow us to better serve both our patients by locating numerous services in one convenient location,” said Dr. David Peterman, President of Primary Health Medical Group. “The new clinic will feature easier access for our patients as well as updated medical facilities. We’re proud to be growing during this time, as it further increases access to care for patients in the Treasure Valley.”

Boise-based Primary Health Medical Group is a multi-specialty medical group that was created by physicians who have practiced in Idaho for more than twenty years. The group sees over 250,000 patient visits a year through 13 clinics located in Boise, Meridian, Eagle, Nampa, and Caldwell. The majority of the clinics offer appointment family practice and urgent care services and are staffed by family practitioners, physician assistants and nurse practitioners. The group also has physicians in pediatrics, obstetrics and gynecology, dermatology, occupational medicine, and ear, nose, and throat.
